Important information

Please read the following carefully:

Slovenian undergraduate (dodiplomski) university students in their 2nd year of study or higher and master's students at Slovenian universities, up to the age of 28, may apply for this program. SEI 2020 lectures, seminars, site visits and projects will take place over two weeks in July 2020. In addition to the lectures, seminars and site visits, students will have an opportunity to take part in a 2-week internship with an AmCham Slovenia member company with a flexible starting time between May-September 2020. Students will receive a small stipend from the company where they are interning, but they will not receive any compensation or other benefits from the employer itself. We cannot guarantee placement at specific companies, but we will try to match interns with sponsoring companies in their requested field(s) of interest. Perfect attendance is expected on all class and workdays except in the case of illness or emergency; students may request a day off for exams.

Housing, as well as transportation to/from the internship and to/from classes in Ljubljana, are the responsibility of the student. SEI will provide transportation to and from any field trips, visits, etc. that are deemed part of the program.

English will be required for the coursework portion of the internship and may be used at the company the student interns with. Therefore, the student must be able to write and speak English on a high level. The student's written English will be evaluated from his/her written application and essay, and spoken English will be verified at the interview.

Family members of US Embassy Ljubljana employees and/or AmCham Slovenia employees, committee heads or other AmCham Slovenia positions may not apply.
